- Health Insurance Marketplace (HIM) Drug List

Dispensing Limit Changes – Effective Jan. 1, 2024

- Basic, Enhanced, Balanced, Performance, NM Health Insurance Exchange (HIE) Drug Lists
- Basic, Enhanced, Balanced, Performance, Performance Select Drug Lists
- Health Insurance Exchange (HIE) Drug Lists

Other Dispensing Limit Changes

- Basic, Enhanced, Balanced, Performance, Performance Select, NM Health Insurance Exchange (HIE) Drug Lists

Change in Benefit Coverage for Select High-Cost Products

Pharmacy Benefits Updates

HDHP-HSA Preventive Drug Program Updates

ASO/Custom Fully Insured (CFI) Groups

ASO Only Groups

Blue Balance Funded Plans

Small Group (SG) Plans

Symbicort and Spiriva Positive Tier Changes

Reminder: The Quarterly Pharmacy Changes awareness article is published in two parts. This part 1 article includes changes that require member notification – drug list revisions/exclusions, dispensing limits, utilization management changes and general information on pharmacy benefit program updates. Our intention is to alert you of these changes as our members are receiving letters on changes to their drug list and/or pharmacy benefit. The part 2 article will be published closer to the **Jan. 1, 2024** effective date.

Pharmacy Benefit Reminders

A new year often welcomes new members to Blue Cross and Blue Shield of New Mexico or updates to benefits for our current members. Discussing your patient's pharmacy benefits can help with this transition.

As you visit with your patients, also consider the following:

- Your patient's pharmacy benefits may be new to them or apply to an updated drug list. The [preview drug lists](#) are available on our member website to help both you and your patients when prescribing medication. The final drug lists will be available closer to the Jan. 1, 2024 effective date.
- Review the prescription drug list before prescribing medications. Some drugs may have been excluded from coverage or have a new utilization management program requirement. If your patients need a coverage exception or prior authorization request, visit the [Prior Authorization/Step Therapy Programs](#) section of our provider website. There, you can find forms and more information.
- Some members' plans may experience changes to the pharmacy network, such as moving to a new pharmacy network or changes to pharmacies participating within the network. Members that are impacted by these changes will receive letters from BCBSNM to alert them they will pay more if continue to use a pharmacy no longer in network. In most cases, no action is required on your part for these pharmacy network changes. Members can easily transfer prescriptions to an in-network pharmacy. You may want to ask which pharmacy is their preferred choice if your office stores pharmacy information on patient records.

If you or your patients are concerned about a particular drug benefit change, call the number on their ID card to confirm any new or updated pharmacy benefits. Treatment decisions are always between you and your patients. Coverage is subject to the terms and limits of your patients' benefit plans. Please advise them to review their benefit materials for details.

Drug List Changes

Based on the availability of new prescription medications and Prime's National Pharmacy and Therapeutics Committee's review of changes in the pharmaceuticals market, some revisions (drugs still covered but moved to a higher out-of-pocket payment level) and/or exclusions (drugs no longer covered) will be made to the BCBSNM drug lists, effective on or after Jan. 1, 2024. Your patient(s) may ask you about therapeutic or lower cost alternatives if their medication is affected by one of these changes. **Drug-list changes are listed on the charts below.**

You can view a preview of the January drug lists on our [member website](#). The final lists will be available closer to the January 1 effective date.

Drug List Exclusions/Revisions – Effective Jan. 1, 2024

Balanced Drug List Exclusions

Drug ¹	Drug Class/Condition	Alternatives ^{1, 2}
ADVAIR DISKUS (fluticasone-salmeterol aer powder ba 100-50 mcg/act, 250-50 mcg/act, 500-50 mcg/act)	Asthma, Chronic Obstructive Pulmonary Disease (COPD)	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.
APO-VARENICLINE (varenicline tartrate tab 0.5 mg, 1 mg (base equivalent))	Smoking cessation	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.
EDARBI (azilsartan medoxomil tab 40 mg, 80 mg)	Hypertension	candesartan, irbesartan, losartan, olmesartan, telmisartan, valsartan
EDARBYCLOR (azilsartan medoxomil-chlorthalidone tab 40-12.5 mg, 40-25 mg)	Hypertension	candesartan, irbesartan, losartan, olmesartan, telmisartan, valsartan
FLEQSUVY (baclofen susp 25 mg/5 ml)	Spasticity associated with Multiple Sclerosis and Spinal Cord Lesions	baclofen tablet 10 mg, 20 mg
FLOVENT DISKUS (fluticasone propionate aer pow ba 50 mcg/act, 100 mcg/act, 250 mcg/act) <i>(manufacturer to discontinue product in early 2024)</i>	Asthma	ARNUITY, ASMANEX, QVAR
FLOVENT HFA (fluticasone propionate hfa inhal aero 44 mcg/act (50/valve), 110 mcg/act (125/valve), 220 mcg/act (250/valve)) <i>(manufacturer to discontinue product in early 2024)</i>	Asthma	ARNUITY, ASMANEX, QVAR
lidocaine hcl urethral/mucosal gel prefilled syringe 2%	Urethritis Pain	Please talk to your doctor or pharmacist about other medication(s) available for your condition.
OBSTETRIX DHA (prenat w/fe carbonyl-fa tab 29-1 mg & dha cap 350 mg pak)	Prenatal Vitamin	Please talk to your doctor or pharmacist about other medication(s) available for your condition.
PREZISTA (darunavir tab 600 mg, 800 mg)	HIV	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.

Balanced Drug List Exclusions

Drug¹	Drug Class/Condition	Alternatives^{1, 2}
SYMBICORT (budesonide-formoterol fumarate aerosol, 80-4.5 mcg/act 160-4.5 mcg/act)	Asthma, Chronic Obstructive Pulmonary Disease (COPD)	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.
VICTOZA (liraglutide soln pen-injector 18 mg/3 ml (6 mg/ml))	Diabetes	MOUNJARO, OZEMPIC, RYBELSUS, TRULICITY

Performance Drug List Exclusions

Drug	Drug Class/Condition	Alternatives^{1, 2}
ADVAIR DISKUS (fluticasone-salmeterol aer powder ba 100-50 mcg/act, 250-50 mcg/act, 500-50 mcg/act)	Asthma, Chronic Obstructive Pulmonary Disease (COPD)	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.
APO-VARENICLINE (varenicline tartrate tab 0.5 mg, 1 mg (base equivalent))	Smoking cessation	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.
FIRVANQ (vancomycin hcl for oral soln 25 mg/ml, 50 mg/ml (base equivalent))	C. Difficile Infection, Staphylococcal Enterocolitis	vancomycin solution 50 mg/mL
FLOVENT DISKUS (fluticasone propionate aer pow ba 50 mcg/act, 100 mcg/act, 250 mcg/act) <i>(manufacturer to discontinue product in early 2024)</i>	Asthma	ARNUITY, ASMANEX, QVAR
FLOVENT HFA (fluticasone propionate hfa inhal aero 44 mcg/act (50/valve), 110 mcg/act (125/valve), 220 mcg/act (250/valve)) <i>(manufacturer to discontinue product in early 2024)</i>	Asthma	ARNUITY, ASMANEX, QVAR
lamotrigine tab disint 21 x 25 mg & 7 x 50 mg, 42 x 50 mg & 14 x 100 mg titration kit	Bipolar disorder, Seizures	Please talk to your doctor or pharmacist about other medication(s) available for your condition.
PREZISTA (darunavir tab 600 mg, 800 mg)	HIV	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.
risedronate sodium tab delayed release 35 mg	Osteoporosis treatment	risedronate tablet 35 mg
VICTOZA (liraglutide soln pen-injector 18 mg/3 ml (6 mg/ml))	Diabetes	MOUNJARO, OZEMPIC, RYBELSUS, TRULICITY

Performance Select Drug List Exclusions

Drug ¹	Drug Class/Condition	Alternatives ^{1, 2}
ADVAIR DISKUS (fluticasone-salmeterol aer powder ba 100-50 mcg/act, 250-50 mcg/act, 500-50 mcg/act)	Asthma, Chronic Obstructive Pulmonary Disease (COPD)	There is a generic equivalent available. Please talk to your doctor or pharmacist about other medication(s) available for your condition.

³Coverage of medications is still subject to the limits, exclusions and out-of-pocket requirements based on the member's plan.

Please note: If coverage of the member's medication is changed on their prescription drug list, the amount the member will pay for the same medication under this preventive drug benefit may also change.

Tier 1 to Tier 2 Changes – Effective Jan. 1, 2024

The following drugs are moving from a preferred generic (tier 1) to a non-preferred generic (tier 2), effective Jan. 1, 2024. These changes only apply to members with a pharmacy benefit plan that includes different payment tiers for preferred generics and non-preferred generic (e.g. 5-tier or higher plan design with preferred generic and non-preferred generic lower tiers). Members may pay more for these drugs.

Balanced Drug List Tier 1 to Tier 2 Changes

Drug ¹	Drug Class/Condition
bupropion hcl (smoking deterrent) tab er 12hr 150 mg	Smoking cessation
dexamethasone tab 0.5 mg, 0.75 mg	inflammatory Conditions
haloperidol lactate oral conc 2 mg/ml	Psychosis, Tourette Syndrome, Behavioral Disorders
sotalol hcl (afib/af) tab 120 mg, 160 mg	Atrial Fibrillation/Atrial Flutter
stannous fluoride conc 0.63%	Dental Caries Prophylaxis

Performance Drug List Tier 1 to Tier 2 Changes

Drug ¹	Drug Class/Condition

dexamethasone tab 0.5 mg, 0.75 mg	inflammatory Conditions
haloperidol lactate oral conc 2 mg/ml	Psychosis, Tourette Syndrome, Behavioral Disorders
sotalol hcl (afib/af) tab 120 mg, 160 mg	Atrial Fibrillation/Atrial Flutter
stannous fluoride conc 0.63%	Dental Caries Prophylaxis

Performance Annual Drug List
Tier 1 to Tier 2 Changes

Drug ¹	Drug Class/Condition
bupropion hcl (smoking deterrent) tab er 12hr 150 mg	Smoking cessation
dexamethasone tab 0.5 mg, 0.75 mg	inflammatory Conditions
haloperidol lactate oral conc 2 mg/ml	Psychosis, Tourette Syndrome, Behavioral Disorders
sotalol hcl (afib/afi) tab 120 mg, 160 mg	Atrial Fibrillation/Atrial Flutter
stannous fluoride conc 0.63%	Dental Caries Prophylaxis

Utilization Management Program Changes

Utilization Management programs are implemented to regularly review the appropriateness of medications within drug-therapy programs, and as a result, may adjust dispensing limits, prior authorization or step-therapy requirements. The following drug programs reflect those changes.

Standard Program Additions – Effective Jan. 1, 2024

Several drug categories and/or targeted medications will be added to the Prior Authorization (PA) and Step Therapy (ST) programs for standard pharmacy benefit plans. This includes ASO groups with a standard UM package and/or subcategory selection with auto updates. For groups that have not selected the auto update, these programs will be available to be added to their benefit design as of the program effective date.

The drug programs listed below have been added to the step therapy and dispensing limit programs.

Basic Annual, Enhanced Annual

Standard Program	Medication(s) ¹ Added
Atypical Antipsychotics STQL	Rexulti (brexpiprazole) tablet

Other Standard Program Additions

Other PA standard program changes are listed in the tables below. The drug programs listed below have also been added to the step therapy and dispensing limit programs. Members were notified about these changes.

Basic Annual, Enhanced Annual, Health Insurance Marketplace (HIM) Drug Lists

Standard Program	Medication(s) ¹ Added
Factor VIII and von Willebrand Factor	Alphanate, Humate P, Vonvendi, Wilate
Multiple Sclerosis	Augagio 7 mg, 14 mg tab; Gilenya (fingolimod) 0.5 mg capsule
Radicava	Radicava ORS (edaravone oral suspension) 105 mg/5 ml, Radicava ORS Starter Kit (edaravone oral suspension) 105 mg/5 ml

1/1/2024	Miebo	Miebo	Prior Authorization and Dispensing Limits
1/1/2024	Neurokinin Receptor Antagonists	Veozah	Prior Authorization and Dispensing Limits
1/1/2024	Opioids	Oxycontin	Prior Authorization and Dispensing Limits
1/1/2024	Rezurock*	Rezurock	Prior Authorization and Dispensing Limits
1/1/2024	Vowst	Vowst	Prior Authorization and Dispensing Limits

*Members were lettered on this change. The change does not apply on the Health Insurance Exchange (HIE) Drug List until on or after Jan. 1, 2025.

Basic, Enhanced, Performance, Health Insurance Exchange (HIE) Drug Lists

Effective Date	New Program	Medication(s)	Program Type
1/1/2024	Winlevi*	Winlevi	Prior Authorization

Health Insurance Marketplace (HIM) Annual Drug Lists

Effective Date	New Program	Medication(s)	Program Type
1/1/2024	GLP-1 (Glucagon-like peptide-1) Agonists	Adlyxin, Bydureon Bcise, Byetta, Mounjaro, Ozempic, Rybelsus, Trulicity, Victoza	Prior Authorization

Other Program Changes

Health Insurance Marketplace (HIM) Drug List

Standard Program	Medication(s) ¹ Moved to Non-Preferred
GLP-1 Agonists PAQL	Victoza

*Not all members were lettered on this change due to limited utilization.

¹Third-party brand names are the property of their respective owner.

²This list is not all inclusive. Other medicines may be available in this drug class.

³Coverage of medications is still subject to the limits, exclusions and out-of-pocket requirements based on the member's plan.

Please note: If coverage of the member's medication is changed on their prescription drug list, the amount the member will pay for the same medication under this preventive drug benefit may also change.

Dispensing Limit Changes – Effective Jan. 1, 2024

BCBSNM's prescription-drug benefit program includes coverage limits on certain medications and drug categories. Dispensing limits are based on U.S. Food and Drug Administration approved dosage regimens and product labeling.

Changes by drug list are listed on the chart below. Members were not notified about these changes due to limited utilization.

Basic, Enhanced, Balanced, Performance, NM Health Insurance Exchange (HIE) Drug Lists

Program	Target Agent	Dispensing Limit
Miebo PAQL	Miebo (perflurohexylocatane) oph solution 1.338 gm/mL	4 bottles per 30 days
Neurokinin Receptor Antagonists PAQL	Veozah (fezolinetant) 45 mg tab	30 tabs per 30 days
Vowst PAQL	Vowst (fecal microbiota spores) live-brpk caps	12 caps per 12 months

If BCBSNM sends letters to members, it is to all members with a claim for a drug included in the Dispensing Limit Program, regardless of the prescribed dosage. This means members may receive a letter even though their prescribed dosage doesn't meet or exceed the dispensing limit. Members were notified about the dispensing limit program changes listed in the tables below.

Basic, Enhanced, Balanced, Performance, Performance Select Drug Lists

Program	Target Agent	Dispensing Limit
Rezurock PAQL	Rezurock (belumosudil mesylate) 200 mg tab	60 tabs per 30 days

Health Insurance Exchange (HIE) Drug Lists

Program	Target Agent	Dispensing Limit
Miscellaneous QL	Metronidazole 1% gel	60 grams per 30 days

Other Dispensing Limit Changes

Basic, Enhanced, Balanced, Performance, Performance Select, NM Health Insurance Exchange (HIE) Drug Lists

Effective Date	Program	Target Agent	Dispensing Limit
11/1/2023	Joenja PAQL*	Joenja (leniolisib phosphate) 70 mg tab	60 tabs per 30 days

*Members were not lettered.

Per our usual process, members affected by drug list revisions and/or exclusions, dispensing limit and prior authorization program changes will receive mailings prior to implementation.

If your patients have any questions about their pharmacy benefits, please advise them to contact the number on their member ID card. Members may also visit bcbsnm.com and log in to Blue Access for MembersSM (BAMSM) or MyPrime.com for more online resources.

Change in Benefit Coverage for Select High-Cost Products

Several high-cost products with available lower cost alternatives will be excluded on the pharmacy benefit for select drug lists. This change impacts BCBSNM members who have prescription-drug benefits administered by Prime Therapeutics[†]. This change is part of an ongoing effort to make sure our members and employer groups have access to safe, cost-effective medications.

Please note: Members were not notified of this change because either there is no utilization, or the pharmacist can easily fill a member's prescription with the equivalent without needing a new prescription from the doctor. The following drugs are excluded on select drug lists.

Product(s) No Longer Covered ^{1*}	Condition	Covered Alternative(s) ^{1, 2}
AMCINONIDE OINTMENT 0.1%	Eczema, rash	Lower cost, Group 2 Potency Steroids (e.g., Betamethasone cream/ointment, Fluocinonide)
DICLOFENAC POTASSIUM 25 mg TABLETS	Anti-inflammatory	DICLOFENAC POT 50 mg, MELOXICAM, IBUPROFEN, NAPROXEN

Pharmacy Benefits Updates

HDHP-HSA Preventive Drug Program Updates

The HDHP-HSA Preventive Drug Program offers certain preventive medications at reduced out-of-pocket costs to members in select High Deductible Health Plans, along with those using a Health Savings Account. See below for the applicable categories and the 2024 updates for each market segment.

Note: Affected members will receive letters alerting them of the preventive-drug changes. Impacted categories include the following: Contraceptives, High Blood Pressure, High Cholesterol, Respiratory, and Osteoporosis.

Small Group (SG) Plans

State/Market Segment	Effective Date	2024 Changes	Categories
QHP/Metallic SG is no longer offered for 2024			

Symbicort and Spiriva Positive Tier Changes

As markets change, BCBSNM is focused on reducing the rising cost of generic drugs for our members. In doing so, it has chosen to move the following brand-name drugs to lower payment tiers on select drug lists.

- Effective Oct. 15, Symbicort was placed in the non-preferred generic tier on the Balanced and Performance Select drug lists until Jan. 1, 2024. The available alternatives – budesonide/formoterol fumarate dihydrate inhalation aerosol and Breyndra – will no longer be covered during this time.
- For all other quarterly drug lists – Basic, Enhanced, Performance and Health Insurance Marketplace – Symbicort was moved to the non-preferred generic tier on Oct. 15 and remain until multiple generics are available. This approach will not be adopted with annually updated drug lists.
- Effective Oct. 15, Spiriva HandiHaler was added to the non-preferred generic tier on all drug lists. The available generic – tiotropium bromide inhalation – will no longer be covered.

†Prime Therapeutics LLC is a pharmacy benefit management company. BCBSNM contracts with Prime to provide pharmacy benefit management and related other services. BCBSNM, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime. MyPrime.com is an online resource offered by Prime Therapeutics.

The information mentioned here is for informational purposes only and is not a substitute for the independent medical judgment of a physician. Physicians are to exercise their own medical judgment. Pharmacy benefits and limits are subject to the terms set forth in the member's certificate of coverage which may vary from the limits set forth above. The listing of any drug or classification of drugs is not a guarantee of benefits. Members should refer to their certificate of coverage for more details, including benefits, limitations and exclusions. Regardless of benefits, the final decision about any medication is between the member and their health care provider.
